

Biographical Information

Bio for Catherine Colan Muth

Catherine (Cathy) Colan Muth is a graduate of West Virginia University and has served as CEO of O. R. Colan Associates, LLC since 1991. O. R. Colan Associates manages the land acquisition and relocation phase of federally funded projects for major infrastructure projects throughout the United States including projects for highways, airports, school redevelopment, transit and flood mitigation. ORC Training is a division of ORC offering training on the practical implementation of the laws and regulations that guide this process (the Uniform Act) through courses offered by the National Highway Institute (NHI), the training arm of the FHWA, and through the International Right of Way Association. In 2008 she established ORC Utility and Infrastructure Land Services, LLC to serve the utility sector.

Cathy was a member of the 2000 Right of Way and Utilities Scan Team to Europe, jointly sponsored by the Transportation Institute and the Federal Highway Administration. She served on the Scan Implementation Task Force which sought pilot projects on US highway projects based on innovative practices that were observed in Europe. Her company was selected as the 2005 Company of the Year by the International Right of Way Association. She is a founding member of Vistage Group 2004, an organization of business owners in Fort Lauderdale, Florida and a Florida Real Estate Broker. O. R. Colan Associates was named as the Partner of the Year with Broward County Schools for its work with Collins Elementary School in Dania, Florida.
