

Debbie Savage, RN

President and CEO

Debbie Savage founded Responsive Home Health in 1994. She is a Registered Nurse and holds a bachelor's degree in Nursing from Barry University. Debbie started her home care agency inspired by her passion for caring for the elderly and disabled during her early career managing and developing Assisted Living Facilities. Her transition to home health care was based on her fundamental belief that all people desire to retire and age in the safety and comfort of their home.

Originally from Indianapolis, Indiana, Debbie attended Ball State University before moving to South Florida in 1981. She is active in the local community and supports many non-profits. Throughout her career she has served and participated in many leadership positions including Leadership Hollywood, Leadership Broward, The Commission on Long Term Care in Florida, The National Board of Assisted Living Federation of America, and Broward Meals on Wheels. Debbie also served as a Board member and President of the Florida Assisted Living Association. As an advocate, she was also a registered lobbyist and worked to preserve the rights of the elderly in Florida.
