**Momentum Consulting Corporation** – IT professional services and consulting firm that delivers business process and technology solutions to help solve business challenges.

Momentum Consulting Corporation's Managing Partner and Co-founder, Mayte Fernandez manages all aspects of corporate operations and also manages key client accounts. Mayte has over 25 years of experience in Business Analytics & Data Management, Technology Implementations, Infrastructure Solutions, Project Management, Application Development and Data Integration efforts.

Mayte's background is diverse; she has worked for Fortune 500 and start-up companies with notable successes in both. Mayte has held a number of management roles and has successfully built and directed teams.

Prior to co-founding Momentum, Mayte acted as Vice-President of Information Technology for Car Spa, Inc., specializing in Car Wash, Lube, C-Store, and fuel operations throughout the United States. Mayte has also been a Director of Information Technology for Finser Corporation, an affiliate of the Cisneros Group of Companies, one of the largest media, entertainment and telecommunications organizations in Latin America. Mayte has also served as Retail Systems Manager for AutoNation USA, Republic Industries used-car mega store chain.

Mayte has received various achievements and recognition awards including Technology Rookie of the Year (1994), Information Technology Project Management Award (1995), Recognizing Information Systems Excellence (1995, 1996) and MIS Leadership Council member (1994-1997).

Mayte is an active philanthropist and member of various associations in the community. Organizations include: United Way Foundation, Habitat for Humanity, Feed My Starving Children, Lynn Mitchell Foundation, Jim Moran Classic, Robotics Lego League, IT Women, WITI (Women in Technology), YPO, UM, FIU. Currently, Mayte is a board member of The Make-A - Wish Foundation Southern Florida.

Mayte received her Masters in Business Administration (MBA) and Masters of Science (MS) from The University of Miami and a Bachelor of Business Administration (BA) in Computer Information Systems from Florida International University.
