

5

tips to remain relevant

The landscape of work is being transformed by technology, and the new world of remote work will likely accelerate that transformation. Worker relevancy in an uncharted digital world is hard to predict. To maintain your relevancy in this uncharted digital world, focus in 5 areas:

Mindset

Trade your “fixed” mindset for a Growth, Entrepreneurial or Augmentation mindset.

Learn to learn

New skills will increase your relevancy. Learning faster than others can be key.
How do you learn?

Purpose

Finding work meaningful keeps employees satisfied. What drives you? Seek work that fits.

Succeed at failing

Finding ways to fail fast-but-smart is key...
so you can succeed sooner.

Be Agile

The new way to work is Agile.
Be nimble and make tweaks along the way.
