

Bio of Leigh Ann Hoey

President/CEO of Scientific Instruments, Inc.

It is an honor and privilege for me to lead this unique, global, family owned business that has been providing exceptional cryogenic measurement solutions around the world for 50 plus years now. With finance and marketing knowledge I strive to bring the balance to a highly technical staff, making objective, executive decisions to move this company to its highest potential.

The success of an integrator depends on having a top-notch management team that is committed to the same core focus and values, that can expertly execute strategic plans for growth. Every one of our employees has an important role in our success. Our S.I. team shares in our goals and commitment to live up to our reputation as cryogenic measurement experts, consistently deliver quality products and fully support our customers. The loyalty of our employees, suppliers and customers is a testament of this commitment.
